NILES FIRST STREET BEAUTIFICATION IS TOPIC AT CIVIC MEET

Uncertainty of Property Ownership Retards Planned Work

Lively discussion of the proposed plan to beautify the strip of property along First street, Niles, east from the fire house to the end of the street, occupied the Niles Chamber of Commerce at its regular meeting Monday noon.

After considerable debate for and against the proposal, an unanimous vote was accorded a motion that a letter should be written to the county board of supervisors asking them to determine definite ownership of the property, after which the committee in charge will proceed with the plan to install a water sprinkler and plant flowers at that place. E. F. Glassbrook, member of the committee, told the members one type of sprinkler could be installed at the cost of \$78, while another type would cost \$92. This would be a permanent affair. W. F. Kirk, chairman of the committee, said flowers could be planted at the cost of approximately \$20.

Work on the above project has been pending for several weeks, due to the seeming difficulty in determining the ownership of the property in question. A reply to a letter recently sent to John H. Skeggs, district state highway engineer, stated that the state was not the owner. It is expected the board of supervisors will clear up the matter after the above mentioned letter has been received.

Further arrangements for the night gathering of the Niles Chamber of Commerce to be held Tuesday evening, April 12, were presented at Monday's meeting. E. F. Glassbrook and A. J. Pettsche, members of the committee in charge, were in Oakland this week conferring with officials of the California Industries League, who will sponsor a program for the affair. A complete program pleted program will likely be will likely be announced at next week's meeting.

A motion was passed by the chamber to endorse the actions of congress in striving for the enactment of a tariff on copper goods at their present session. This motion was passed after a communication had been read from the Los Angeles chamber of commerce asking the support of the Niles Chamber in the passing of such a bill.

Lester Duffey was chosen membership chairman to arrange for next week's meeting.

Transient Bitten By Dog In Niles

A barking dog maybe never seldom bites but others do! John McMann discovered this to his dismay Sunday when he stopped to pet a dog on First street, Niles, and received a severe bite on the hand. The wound was treated by Dr. E. C. Grau.

HERCULEAN HOBO BESTED BY OFFICER WITH BRAKE STICK

Knife Wielder Is Captured At Altamont After Struggle

"The bigger they are the harder they fall!" Where this well known saying originated is difficult to say, but the veracity of its implications is resolutely vouched for by Constable Mike Garbini as the result of a fracas last Wednesday night with a mammoth negro wanted in Niles for using a knife on a fellow transient.

During a quarrel on a freight train near Niles, Ray Bogges, the negro, cut John Portz, transient, on the head with a knife and threw him off the train. Constable O. W. Ebright, of Niles, when informed of the encounter telephoned Garbini and told him the train on which the assailant was riding had passed through Livermore. Garbini had the train stopped at Altamont and proceeded to arrest Bogges, who displayed reluctance at being taken into custody.

Looming a full six feet, six and a half inches in the air, and resembling a giant in proportions, Bogges presented a formidable obstacle for Garbini to overcome. But the undaunted constable, with the aid of Jerry McKiver, Southern Pacific officer, went boldly into the fray. Making several attempts to connect with his night stick on the negro's lofty head and failing to accomplish this result because of his inability to leap high enough into the air, Garbini finally seized a brake stick which had been used by one of the trainmen.

When McKiver grabbed hold of one of the big colored man's arms and pulled him closer to the earth, Garbini swung his weapon with Babe Ruthian violence to score a direct hit on Bogges' head and put a finish to the struggle.

The prisoner's wrists were so large that it was difficult to get the handcuffs around them. He was turned over to Constable O. W. Ebright and lodged in the Niles jail Wednesday night and Thursday taken to the county jail in Oakland. The day after the battle, Bogges insisted he had been hit on the head with a cross tie.

The prisoner was arraigned in the Centerville justice court Thursday afternoon on charges of assault with a deadly weapon.

Portz was treated for cuts on the head by Dr. E. C. Grau, at Niles.

POLISH TRUCKS

The Niles Fire Department members have been busy the last week cleaning and polishing the fire trucks.

MAN'S FACE CUT WHEN MISSILE IS HEAVED AT AUTO

ALTHOUGH MILK shakes are supposed to bring a sensation of enjoyment and pleasure, one in a paper container was a source of much pain to Tony Rebello, of Decoto, Saturday night. Riding in a car driven by Thomas Oliveira, Rebello received painful cuts to his face when a milk shake container came flying through the air and smashed the windshield of the car, as the two were traveling along the highway near the California nursery.

Oliveira and Rebello insisted the missile was thrown from the car ahead of them. They followed the machine to Niles where they stopped it and made the accusation. The occupants of the other machine, however, denied any knowledge of the affair. After an investigation by Constable O. W. Ebright, no charges were pressed against them. The act, if intentional, was an exceedingly cowardly one that might have resulted in either Rebello or Oliveira losing their eyesight. The fact that a driver of a car was hit by a bullet the same night near Decoto might have a connection with this same act, and authorities should do their best to bring the offenders to justice.

TWO ARRESTED AS RESULT OF DECOTO KNIFE SLASHING

Quarrel Over Living Quar- ters Ends In Stabbing Fracas

A complaint was filed in the Niles justice court Tuesday afternoon charging Pete Martinez and Joseph Sepulveda, Mexicans, with assault with a deadly weapon as the result of the stabbing of Jesus Torres, 22, at Decoto Sunday night.

The men were arrested by Deputy Sheriff Chester O'Brien and Officer Anthony Enos, of the highway patrol after Torres' wife had called the officers to Decoto to investigate.

The men are said to have quarreled over joint occupancy by the three of living quarters. Martinez and Sepulveda are alleged to have been living in the Torres' home, and are said to have met Torres in a Decoto poolroom Sunday and to have started a brawl which resulted in the stabbing.

Torres was stabbed in the forearm. He was treated at the Hayward hospital and later sent home.

SCOTT AND HARROLD ELECTED AS HIGH SCHOOL TRUSTEES

593 Ballots Cast For Har- rold; Scott Given 538 Votes

Sweeping their own districts with large majorities, H. L. Scott, of Niles, and H. F. Harrold, of Decoto, were elected members of Washington Union high school board of trustees at the poll held Friday in the eleven grammar school districts of Washington township.

Harrold received the largest number of the votes cast, polling a total of 593, while Scott was given 538. M. D. Silva, of Newark, the defeated candidate, received 433 votes. Silva won a very flattering vote in his own district. There were only the three men running for election.

Niles people turned out strong to cast their ballots, giving Scott 242 votes, Harrold 164, and Silva 62. This was the heaviest voting in the eleven districts of the township. Harrold received 162 votes in Decoto, while Silva polled his highest number in the Centerville district, polling 106 there and 93 in Newark.

Interest in the election this

year was not as strong as last year when there was a much larger total number of ballots cast.

Scott will be a newcomer on the board, taking the place left vacant by the expired term of F. V. Jones, of Niles, who achieved a meritorious record during his years' of service on the board. Scott came forward as a Niles candidate after Jones had announced his intention of not running for re-election. He is a popular Niles business man and is well-known in Washington township. He has been a resident of Niles for the past twenty-five years.

Harrold has been serving on the board since November when he was appointed to fill out the term of office left vacant by the death of John Whipple in an automobile accident. He also is well known in the township.

The newly-elected members will serve a term of three years on the board. The terms begin in May.

The voting in the districts was as follows:

Grammar Trustees

All Re-elected at Polls

With no opposition offered in any of eleven grammar school districts in Washington township, all members of the school board of trustees were re-elected at the polls held Friday. Niles and Lincoln were the only voting places where more than one name was given votes in the grammar school election.

Harry Tyson received a total of 239 votes to be re-elected to the Niles grammar school board, while the names of J. E. Townsend, D. M. Carvo, and R. Bendel were written in at the polls, each receiving one ballot apiece. At Lincoln, Mary I. Brown was re-elected, while Miss Edith Ross was given one vote.

At Centerville, Mrs. George Coit received all of the votes cast, getting a total of 154.

Decoto turned out strong to poll 164 votes, re-electing Henry May.

M. C. Joseph was chosen at Irvington, polling a total of 104 votes.

Alvarado polled 35 votes to re-elect A. E. Vargas.

J. S. Brown was re-elected in Warm Springs, receiving a total of twenty-three ballots.

In Mission San Jose, Joe Telles was re-elected, polling thirty-seven votes.

In the Newark district, all of the votes went to M. D. Silva, who was re-elected with a total of ninety-three.

In the Alviso district, Mrs. Frank Roderick polled twenty-eight votes to be re-elected.

At Mowry's Landing, Mrs. H. G. Boyce was re-elected to office with a total of seven ballots.

Man Gets 100 Days On Liquor Charges

Joe Marquis, of Alvarado, was given the preference of a \$200 fine or spending 100 days in the county jail when he pled guilty to liquor possession charges before Justice of the Peace J. A. Silva last Tuesday afternoon in the Niles justice court. He took the 100-day sentence. The arrest was made by men from the county sheriff's office.

QUARREL OVER WOMAN RESULTS IN SHOOTING AFFRAY AT ALVARADO

DECOTO MAN IS SHOT DRIVING ALONG HIGHWAY

John Carabello Receives Shoulder Wound From 22 Rifle Bullet

While driving along the highway with his wife and two children Saturday night near the Zwissig dairy, between Niles and Decoto, John Carabello, of Decoto, was struck in the left shoulder by a bullet from a twenty-two caliber rifle.

Carabello heard the report of the gun and a moment afterwards felt a sting in his shoulder. He did not realize he had been shot at the time, but drove on and later discovered his arm was covered with blood. It could not be learned whether the shot was intentional or was a stray bullet.

The injured man was treated by Dr. J. R. Adams and later taken to the Highland hospital in Oakland. The wound was not serious.

Mexican Receives Two Wounds; Two Men Arrested

As a result of an alleged quarrel over the affections of Mrs. Maria Ruiz, Jesus Mastachi, 31, received bullet wounds in the groin and back in a shooting affray in Alvarado Sunday night. Louis Pina said to have fired the shots which caused the wounds, was arrested by Deputy Sheriff Chester O'Brien and lodged in the county jail. Marciano Wisor also was arrested in connection with the case, while three other Alvarado Mexicans, Manuel Martinez, Vicente Assorio and an unidentified witness, are being sought by the officers.

The shooting took place in an apartment occupied by Mastachi and Pina about 7:30 Sunday night. Mrs. Ruiz was cook and housekeeper for the pair.

Mastachi was taken to the Fairmont hospital in Oakland and treated for his wounds. When he appeared at the Niles justice court Monday, he expressed a disinclination to file a complaint against Pina.

Mr. and Mrs. H. L. Scott and family enjoyed a motor trip to Watsonville and Capitola Sunday.

A LIVELY CONTEST

ALL INDICATIONS point to a lively campaign in this congressional, legislative and supervisory district. Carter will have active and strong opposition. That is certain. Representative Yost may or may not file for re-election, but whether he does or doesn't there will be opposition from several quarters.

In this particular supervisory district, Ralph Richmond will naturally run again. But things are not all velvet for the Niles man. He will be opposed by at least one candidate in Washington township whose popularity is conceded equal to his own. Over in Livermore they are grooming a man for the place and Pleasanton feels that it is about time that town was getting consideration, and we have it quite authoritatively that she will advance the claims of one of her best citizens.

This is a healthy indication. The idea of no contest is a bad one. Encumbents get too cocksure of themselves and indifferent to their official duty. A good fight to win, and a close contest puts an official on guard to do what the people want. With an uncontested election, many men get an exalted opinion of themselves, forget they are public servants, become arrogant, haughty, "high-hat" and imagine the public funds are to be used to promote their political fortunes only and that appointive jobs are for their children, relatives and friends, regardless of merit.

So it is a matter of satisfaction to all good citizens that the primaries will find two or more candidates for every office to be filled.

TWIGS IN THE POLITICAL FOREST

SPEAKER GARNER, Hearst candidate for the Democratic presidential nomination, took some mighty bad advice from some one and refused to vote on the prohibition issue a few weeks ago, repeating the political error again last week when he dodged the Sales Tax bill.

Politically he is dead. This is no time to straddle live issues; no time for hesitation, procrastination, vacillation. The times are perilous and conditions call for forceful action, unswerving devotion to economic and political principles. If

AFTER 40
bowel trouble

Constipation may very easily become chronic after forty. And any continued constipation at that time of life may bring attacks of piles and a host of other unpleasant disorders.

Watch your bowels at any age. Guard them with particular care after forty. Whenever they need any help, remember a doctor should know what is best for them.

"Dr. Caldwell's Syrup Pepsin" is a doctor's prescription for the bowels. Tested by 47 years' practice, it has been found thoroughly effective in relieving constipation and its ills for men, women and children of all ages. It has proven perfectly safe even for babies. Made from fresh laxative herbs, pure pepsin and other harmless ingredients, it cannot gripe; will not sicken you or weaken you; can be used without harm as often as your breath is bad, or when your tongue is coated; whenever a headachy, bilious, gassy condition warns of constipation.

NORMAN H. PARKS, Publisher Register

we are to be lead out of the doldrums of business depression, high taxes, class government, it must be by a leader who has the courage of his convictions, and a determination to cut away from tenets of government found defective by past experience.

Unfortunately, up to the present time no powerful and outstanding figure has appeared upon the political horizon dimmed as it is by the fog of despair that circles the globe.

In a generation keyed to the business of money-making, and pleasure-seeking, it is not strange that among a hundred million of people, there seems to be but a handful of great minds, and these are ignored because the people themselves cannot understand the language they talk, nor the doctrine they expound.

If a man steps away for an instant from the theory that money is more sacred than human rights, he is branded a communist and is shunned like a plague. If he advances the belief, backed up by proof, that there is something radically wrong with government as constituted, and proposes remedies that would strike at entrenched greed, he is called a dreamer, and his theories said to be but mirages scintillating in the political desert.

So we have intellectual nonentities, committee-attending statesmen, inane chamber of commerce speakers posing as presidential timber. Mere twigs in the forest of statesmanship when we need giant redwoods that can battle the storm of international distress and bring America back again to the early principles of democracy in whose arms was individual opportunity—not giant corporations; back to the diffusion of wealth—not concentration of gold and property in the hands of the few; back to fear of God and reverence for church—not atheism and scientific bosh "proving" Christianity a fairy tale, robbing man of the best here on earth, and taking from him the solace that in death real life just begins.

ACCIDENT OCCURS IN BOTTLENECK AT NILES

THIS WOULD GET YOU OUT OF BED IN THE MORNING!

To be awakened from a sound sleep by the pealing of an alarm clock is annoying enough to most individuals, but imagine the reactions of John Tyrell, Centerville prospector, when he was brought from under the charms of Morpheus by a rattlesnake crawling over his stomach.

Reclining on the ground close to his mining property enjoying an afternoon nap, Tyrell was awakened by a peculiar sensation in his mid-section. Opening his eyes he was amazed to gaze directly into the beady eyes of a rattlesnake. Not stirring a muscle, he waited until the snake had gone off a short distance, then leaped to his feet and killed it with a stick. It was said to have measured approximately five feet.

Church Services Are Enjoyable

Easter Sunday services at the St. James church was an impressive affair. The church was artistically decorated with white lilies. The choir sang familiar hymns and Fred Blacow rendered a solo entitled "Resurrection." The large congregation present enjoyed Reverend William Attwood's sermon. After the services two children were baptized.

WASHINGTON TOSSERS TOPPLE LIVERMORE IN LEAGUE HONORS DRIVE

Heavy Batting Attack Again Features 10 To 3 Victory

Coach Jess Regli's Washington Union high school ball tossers continued their march to another southern Alameda county baseball championship by lacing out a 10 to 3 victory over Livermore Tuesday afternoon at Centerville.

With Fontes' big bat continuing its murderous onslaught on the rival twirler's offerings, and Kitashima chucking shutout ball, the outcome of Tuesday's contest was never in doubt.

Fontes belted out a homer, a three-bagger and two singles in five trips to the platter, while the Livermore boys were able to solve Kitashima's slants for only three safeties and one tally in the eight cantos he toiled on the mound. Amaral tossed them over the last inning. Kitashima caused eleven of the Cowboys to fan the ozone in vain.

The Cornhuskers were as merciless with their willows as in their two previous league tilts, collecting a total of seventeen hits during the game. Nakagowara fattened his batting average by gathering two safeties and accepting two free tickets to first in his four trips to the plate to enjoy a perfect day with the stick. Roderick hit safely three out of four times he faced the pitcher, while Foehr connected with bingles two of three times up.

The Cornhuskers did not score until the second frame when they collected a brace of tallies. Rose drew a walk and stole second. Nakagowara also was passed and Roderick beat out an infield, populating the sacks. Ikeda hit one to third who tossed Rose out at the home platter, but the bags were still loaded, a problem solved by Kitashima who singled to score Nakagowara and Roderick. The next two men up were retired.

Washington Union high school ball tossers continued their march to another southern Alameda county baseball championship by lacing out a 10 to 3 victory over Livermore Tuesday afternoon at Centerville.

Livermore counted two in the second one, one hit and two errors.

The Cornhuskers chased one run across the plate in the third when Fontes, Rose and Nakagowara all connected safely in succession.

Washington added two more in the fourth, largely through bingles by the Livermore tossers. Faria reached first on an error, was safe at second when the catcher threw wild. Foehr smashed out a double and scored when Fontes singled.

In the fifth frame the Cornhuskers came through with another pair. Nakagowara and Roderick both hit safely, stole second and scored on Sekigahama's bingle after two men had been retired.

Fontes leaned on one in the sixth inning to gallop around the bags unmolested for another counter.

A hit by Roderick, a wild pitch and a walk was responsible for another Washington tally in the seventh, and the final score came in the eighth canto when Fontes crashed out a drive good for three sacks and scurried safely across the home rubber as the catcher muffed the throw-in.

Livermore obtained its only other score in the last half of the ninth on a hit and an error.

LIQUOR TRIAL IS CONTINUED DUE TO PARTIAL JURORS

Attorneys Are Dissatisfied With Views On Prohibition Law

Washington township has its rabid "wets" and its rabid "drys." This fact was evidenced last Tuesday afternoon in the Centerville justice court when a jury could not be obtained that was willing to give Charles Priesta a fair trial on liquor possession charges.
After the entire afternoon was spent in the unsuccessful effort to select an impartial jury, Justice of the Peace Allen G. Norris continued the trial until April 5.
All jurors questioned expressed entirely too much zeal for the enforcement of the Eighteenth amendment to suit Leo Sullivan and Myron Harris, attorneys for the defense, or entirely too little to satisfy Deputy District Attorney Harry Styles.
Priesta is charged with being the owner of a large stock of fine assorted liquors seized recently by county and federal authorities in a raid on a ranch house between Centerville and Alvarado.

Pleasanton Couple Celebrate Golden Wedding on Sunday

Two Hundred Gather in Livermore for Banquet and Dance

Mr. and Mrs. Antone Peterson, old time residents of Pleasanton, celebrated their fiftieth wedding anniversary at a banquet held at the Diana hall, in Livermore, last Sunday evening.

Mr. and Mrs. Peterson were married at the Palace hotel in Tulare county in 1882. Mrs. Peterson was formerly Miss Thorpe, of Oakland. Both are natives of Denmark, coming here to an early age in life.

Peterson was a wool grower in Tulare county. In 1884 he moved to Tassajara and while there was engaged in farming. While in Pleasanton he has become prominent and well-liked. He was one of the first to invest in real estate in that city and to start building there. He was night watchman of Pleasanton for nine years and resigned a couple of years ago.

Mr. and Mrs. Peterson, together with two hundred friends, relatives, and their three daughters, spent a night of festivity last Sunday. They dined until midnight, at which time an elaborate banquet was served to the guests. After the banquet the friends resumed dancing and the party broke up at a late hour in the morning. There were a large number of Pleasanton friends present. Guests were there from Monterey, San Francisco, Oakland, Hayward, and Livermore.

The three daughters of the honored couple assisting in the gay occasion were Mrs. Katherine Dunsford and Mrs. Christiana Atzeratt, both of Dieth, Nevada, and Mrs. Hanna Rasmussen, of Oakland.

Mr. and Mrs. Peterson were presented with many gold pieces and other golden gifts in honor of their golden wedding.

Dons Win In Game With Hayward Last Week at Pleasanton

Seven to Three Victory Puts Amador in Tie With League Leaders

The fighting Pleasanton nine scored another victory in their baseball schedule when they defeated the Hayward Farmers in a game played at the Amador diamond last Friday afternoon by a score of seven to three.

During the first four innings, Hayward managed to score one run; while the Dons were unable to get organized. In the fifth inning the Dons were able to connect for two runs. The Farmers shortly overcame this lead in the sixth, and then a home run by the Hayward left fielder gave the Farmers a lead.

The beginning of the seventh showed the Dons that they would have to put up a stiff fight if they wanted a victory. Their regular good form began to manifest itself, as a result. In the

last two innings they scored five runs.

Bob Silva pitched a nice game for the Dons, allowing six hits and not a single walk. He lasted the entire nine innings. Hayward used two pitchers, the first blowing up in the fourth inning.

The lineup for the Dons was as follows:

Marino, right field; Ty Silva, first base; Cole, shortstop; Dutra, third base; Miller, second base; Bob Silva, pitcher; Peters, catcher; Andrade, center field; Nerton, left field; Saffreno, left field substitute; Trimmingham, right field substitute.

TASSAJARA MAN INJURED IN AUTO CRASH LAST WEEK

Marysville Motorist Taken To Livermore Hospital Following Crash

Brazil Nunes, of Tassajara, received bruises on his right leg when his car and another driven by R. W. Watson, of Marysville, crashed head-on at the curve near the Pleasanton-Sunol highway Thursday morning.

Brazil and five members of his family were traveling toward Sunol, while Watson was coming toward Pleasanton when the accident occurred. The road was wet, and Watson, apparently, was unable to control his machine on the curve and crashed into the Tassajara car. Constable Al Vervais and Chief of Police W. T. Davis, of Pleasanton, investigated the accident.

Watson suffered a broken left wrist, a crushed chest, and cuts about his face. He was taken to the Livermore hospital by a passing motorist.

Brazil, Jr., received a cut over the right eye, while the other four members of the Nunes family escaped uninjured.

He was also charged with entering the Livermore Western Pacific station and with breaking into a Livermore garage.

All these crimes were committed the same week. Following his arrest by Constable Al Vervais in Pleasanton, questioning by Vervais and Chief of Police William T. Davis brought forth his confessions to the four jobs.

Only the citizens of Pleasanton who have registered since January 1 and before March 12 will be allowed to vote.

The nomination papers filed this week are as follows:

MONEY

What Is It Good For

?to Hoard or to Squander?

NO! There is a better way. A more conservative way. A thriftier way. A more profitable way to use money. A far better way than either squandering or hoarding it.

That is to spend it—JUDICIOUSLY—to save some and spend some. To deposit some in a savings account, to invest some in safe securities, to spend some for the necessities of life, and to "invest" some upon luxuries and the pleasures of living. Money invested and saved is an earning power which will prove a help and a comfort for the "rainy day." And money, judiciously spent helps to round out a full life of profit and pleasure.

ADVERTISING plays its full part in keeping money in healthy, judicious circulation. People today are more thrifty-minded than they have been for a long time. The merchant who is awake to present-day conditions and to the needs of the paying public, ADVERTISES—tells the customer what he has to sell, and how much it sells for, so that the buyer may find it easier to spend his or her money conservatively and thriftily, and still buy the things they need and want. Thus the merchant, the customer, and the general public are all benefitted by keeping money in circulation.

.....and, of course, to do the most good, your advertising must reach the greatest number of people. You know,

STANDARD OIL TO STIMULATE TRADE BY ADVERTISING

A note of returning prosperity may be glimpsed in the recent announcement made by the Standard Oil Company of California that an extensive advertising program for 1932 has been approved by that organization. The campaign will be launched in April and will undoubtedly result in a great benefit to many.

Rather than cease advertising when business is in a depressed condition, the Standard Oil Company, which always has been a consistent user of newspaper advertising space, has adopted a policy of sound advertising to combat depression and stimulate business. Such a policy will influence not only the publishers and manufacturers of advertising materials, but also thousands of individuals engaged in producing and distributing Standard products. Thus indirectly the organization's promotional plans are helping to create employment—from oil well and refinery to the dealer's block. Faster turnover of products and cash will have its wholesome effect on production, packing, transportation, banking and many other businesses.
